

Nurse Call Systems

Medisystems Electronic Nurse-Call Systems employ the latest technologies to deliver a number of useful features : Call Acknowledgment, Call Reminder, Nurse Presence Registration, Emergency Alerts, Nurse Help Requests, Instrument Alarm Relay, I-V Drip Alert, Hospital-Wide Code-Blue Alert, SMS Alert, Patient-Nurse Intercom, Corridor Displays, Call Transfer, Attendant Call, Configured Handsets offering linkage with Lighting, Audio and TV facilities, System Diagnostics and Nurse-Call Response Monitoring. These systems are available in several models and can be configured for every kind of hospital.

Medisystems Bed-Head Panels converge every needed utility at the patient's bed. Fully pre-fabricated aluminium panels, ensure organised convergence of Medical Gas Outlets, Electrical Mains, Standby / UPS power points, Nurse-Call Units and Bio-Signal, Data & Intercom outlets. International Standard Rails in Stainless Steel, along with a full range of rail mountable accessories, enable every facility to be neatly made available at the patient's bed. Panels can be custom configured for every type of ICU, Patient Room, General Ward or Examination Room

Aesthetically designed Bed-Head Panel and Patient-Bed Lamp combinations for Deluxe Rooms, Private Rooms and Suites. Suitable versions are also available for Semi-Private Rooms and General Wards.

Medisystems OT Pendants are fabricated in pure Stainless Steel and Aluminium. They are available in Rigid or Rotating versions in Shell or Shelf configurations. All electricals are protected and wired in sealed and fail-safe mode. Medical gas outlet arrangements are customised to user's choice.
